ABOUT THE FOUNDATION FOR INTERNATIONAL EDUCATION (FIE)

Established in 1998, the Foundation for International Education (FIE) is a private, non-profit organization based in London, England. FIE works with a variety universities and colleges from the United States.

FIE is guided by and committed to the ideal that education broadens horizons and gives perspective on the world outside one's own immediate individual experience.

FIE works hard to make sure that their international study programs are academically challenging, culturally immersive and personally enriching. FIE's programs place a strong focus on participating in the host culture both intellectually and socially, inside the classroom and out.

ABOUT LONDON, ENGLAND

London is a thriving multicultural city boasting cutting-edge music, art and fashion. Students find themselves discussing social and cultural issues over fish and chips at an English pub or sampling dishes in the curry houses of the East End. The tube (subway) is the main mode of transportation. A tube pass is provided for each student on this program.

London is home to famous places such as Shakespeare's Globe Theatre, the Houses of Parliament, the London Eye, and many other historical and cultural sites.
